Uniden®

UHF CB MOBILE
80 Channel* | 5W

UH8060S

Uninterrupted Communication

Master Scan® allows a group of users to seamlessly communicate on not just one channel but a group of channels. If your current channel is interrupted by others outside of the group, all radios in your group will automatically hop to a new clear channel allowing seamless uninterrupted communication to continue.

INCLUDED IN THE BOX

- 1 x UH8060S Radio
- 1 x Remote LCD Speaker MIC
- 1 x 2m Extension Cable
- 1 x Microphone Hanger
- 1 x DC Power Cord
- 1 x Mounting Bracket
- 1 x Owner's Manual

 Remote Speaker Mic

 Large LCD Display

 Mini Compact Size

 7 Colour LCD & Key Backlight

80 UHF Narrowband Channels*: Choose from up to 80 frequencies to transmit and receive messages.

Mini Compact Size: 24mm (H) x 100mm (W) x 95mm (D).

Remote Speaker Microphone with built-in Large LCD Display: Control all functions and features remotely, including volume and power on/off.

LCD Display with 7 Backlight Colours, Brightness and Contrast Levels: Select from 7 backlight colour options: Off, Blue, Red, Purple (magenta), Green, Cyan, Yellow and Clear (white), and 3 brightness levels; Off, Lo and Hi.

5W Transmission Power: Maximum transmit power.

Dual Speaker with Synchronised Volume: Speaker at the Base and Microphone

2m Extension Cable: Use the cable extension and keep the radio hidden from view.

Signal Strength and RF Power (S/RF) Meter

Instant Channel Programming and Recall: Program any channel as the Instant priority channel and recall it at the touch of a button located on the mic.

Open Scan: This scan mode scans all channels in memory and locks on any active channel.

Group Scan: This scan mode allows the user to select the channels they wish to monitor/listen to in a group, along with a priority channel (priority watch).

Dual Watch: Allows you to monitor the priority channel for activity every two seconds while monitoring another UHF channel at the same time.

Monitor On/Off Function

Duplex Capability: Allows the radio to operate via a local repeater station, if available, which re-transmits your signal over a wider area. Up to an extra 30 – 100km depending on location, height and availability of local repeater station.

Key Beep On/Off Function

Busy Channel Lock-out Function: Disables your transmitter while activity is detected on the channel.

Roger Beep Function On/Off:

Confirmation tone indicates the completion of your transmission.

Call Tone Function: Choose from one of 5 wake-up tones to initiate your transmission with the touch of one microphone button.

Auto Squelch: Adjustable 3 Level Auto Squelch function.

Volume Control: Adjustable volume control levels (0 – 7).

External Speaker Jack

CTCSS (Continuous Tone Coded Squelch system) and DCS (Digital Coded Squelch) Codes: Choose from 38 (CTCSS) and 104 (DCS) digital codes that can be sent with your transmission. The code is recognised by the selected receivers enabling them to receive the transmission. Receivers that do not recognise the code remain silent therefore blocking out unwanted conversations.

**Designed & Engineered in Japan
Built Rugged for Australian and New Zealand Conditions**

* Please note CH 22 & 23 are used for telemetry and telecommand applications, voice communications are not permitted on these channels and transmission is inhibited. CH 61, 62 & 63 are for future use and are receive only channels.

^ One year warranty for the included accessories. Specifications subject to change without notice.
