*No Landline.
No Worries!*

Even without a landline Bluetooth connectivity enables you to dial and receive mobile calls on the cordless handset for convenience and versatility.

- Dial and Receive calls from your mobile and home landline on the same phone
- Allows you to pair up to 4 Mobile Phones to the Cordless Phone
- Download Phonebook from the Mobile Phones to the cordless phone phonebook with massive 6000 Phonebook Capacity

Call Block PRO

Help minimise unwanted calls by blocking unwanted phone numbers. The Call Block PRO feature goes further by targeting call centre nuisance calls (i.e. Telemarketers) and will block registered numbers that share the first digits of the phone number but with a different extension number.

Belt Clip with Shoulder Support Profile Innovation

The redesigned curved belt clip rests on the shoulder to provide the user support and phone stability. Multitasking has never been so easy allowing you to call whilst having your handsfree.

Charge Your Mobile Phone Via the USB Port on the side

Dial and Receive Phone Calls during Power Blackouts unlike most other cordless phones†

Advanced LCD & Caller ID Display^

- Backlit Full Dot Matrix LCD Display
- White Backlit LCD Display on Base & Handset
- POP ID^ – Caller Name Identification
- 50 Caller ID^ Memories and 200 Phonebook Entries

Uniden®

Specifications Subject to Change Without Notice. See Uniden Website for any changes: www.uniden.com.au. Unit must only be used in country of purchase. * Waterproof Handset: JIS7 is being defined as having no ingress of water when immersed at 1 metre for 30 minutes. The Charge Cradle and AC Adaptor are not waterproof. ^ Caller ID and POP ID Features work only if you subscribe to the service provided by your local telephone company. There is usually a fee for this service. Caller ID Type 2 service is currently not available in New Zealand. # Diagram Illustrates Concept Only. The actual enclosed product and its colour is shown on the front of the box. - HD Sound is achieved by extending the audio frequency allowing the signal to be reproduced for improved voice clarity. † Uniden's No. 1 status has been confirmed by 3rd party analysts in 2003 to 2015 using company sales data from all major cordless phone companies. ‡ When a power failure occurs, the charged handset temporarily supplies power to the base unit. You can then make and receive calls using a handset. However, none of the keys on the base unit are functional during the power failure mode and the power life is limited to that of the remaining power life of the cordless handset battery. Photography and illustrations may differ slightly from actual product. The Bluetooth word mark and logo are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Uniden is under license. May contain additional foreign articles. XDECT® and all brand names are registered trademarks of their respective owners.

iPhone & USB cable not included in the box.
