The Uniden GNS 8350 combines the latest in GPS technology with Sophisticated Intuitive Technology.

The GNS 8350 is stylish and powerful. It even has an in-built Early Warning Safety System to alert you of fixed speed cameras, red light cameras and black spots therefore providing a high level of nationwide protection for loved ones and your license. Featuring the latest SIRF III GPS Chipset for powerful and fast performance, the new GNS 8350 delivers nationwide coverage of all streets, suburbs and points of interest, giving voice and visual guidance to any destination. It comes pre-programmed with over half a million points of interest including restaurants, banks and post offices. Users can also store their own destinations.

The GNS 8350 is so powerful yet so simple to use. Whether you are travelling for work or enjoying a short or long drive to a new destination, the GNS 8350 will guide you there using the quickest route available with its Dynamic Voice and Visual Guidance System. Its Intuitive Technology makes it so simple to use, allowing you to plug it in, enter your destination and just drive... letting the GNS 8350 do the rest. The screen is non-reflective, removing glare for crystal clear viewing. It can also be switched to night mode for easy, glare-free viewing after dark and also comes with eight other viewing options. With superior Mapping Data it provides nationwide coverage using Sensis Whereis Map Data. Featuring a SD Card slot extra memory can be added to the unit and is great for the multi-media function that allows you to play your videos and music. Digital photos can also be viewed from an SD memory card.

When it comes to portable GPS Car Navigation Systems the Uniden GNS 8350 is in a class of its own. It makes your trips safer and faster while giving you peace of mind that you will reach your destination on time, every time.

Suggested Retail: \$599.00
