Introducing the latest in UHF Communications from the world leaders in wireless communication. The UH074SX is the ultimate in compact UHF communications with 3.5 Watt Power able to deliver up to 13 Kilometres# of range.

Uniden's reliability and experience in UHF makes this the perfect unit for the professional who needs to keep in touch with the outside world. The UH074SX offers the finest components, engineering and styling and offers outstanding performance in virtually all conditions and situations, just what you would expect from Uniden.

Built Rugged for Australian and New Zealand conditions with its Metal Alloy Casing, the UH074SX features waterproof<sup>Δ</sup> construction to operate in the most intense environments.

The UH074SX is the first in the Uniden range with Rapid Scan giving it the ability to scan channels faster than other typical UHF handshels in the market. Other features include CTCSS, Long life Super Switch and many more features.

With Range Extender (Duplex) Capability, the UH074SX unit can reach up to 13km and can achieve even further range depending on the location of your local repeater station and topographical conditions. Designed and Engineered in Japan to offer outstanding performance in virtually all conditions and situations.

This radio is for those people wanting a powerful waterproof<sup>Δ</sup> UHF radio so you can be sure to stay in touch.
