Operating Manual PDF

This unit is the single most advanced unit in Australia.

Now you don't have to choose between AM and UHF. You can have best of both worlds in one super compact unit. That's right - the first AM/UHF transceiver in Australia. Plus it has an extra large backlit display screen and has hands free operation with the optional VOX headset.

It offers 40 channels, 5 watts of transmission power and has 38 built-in CTCSS (Continuous Tone Coded Squelch System) codes that are user

Suggested Retail: \$369
