This great value feature-packed XSR917 cordless phone is unique because it is a cordless phone with the added benefit of an in-built digital clock radio.

This phone is part of the 900MHz SCR Technology of phones that offers superior clarity and range. The XSR917 also has the convenience of an in-built AM/FM Digital Clock radio that allows you to listen to your favourite radio station or set your alarm for wake up calls. The digital clock radio is easy to use with the added features of soft touch tuning, snooze function and large LCD display. The large LCD display screen makes the digital clock radio easy to read in all light conditions and is ideal for your bedside table or as a stylish feature in the living room.

Suggested Retail: \$99.00
